Are you a student of the humanities or social sciences?

Then visit the three-day orientation course and find out:

- What are the most important steps to take during the first few days and weeks of my stay at FAU?
- What should I know in general about my master's studies?
- What do I need to know about academic practice?
- How do I organise my examinations?

Here you will learn the basics about studying at FAU, find out about the campus and the city, and have an opportunity to meet your fellow students.

Visit us on **October 3** at **Biergarten Steinbach-Bräu** (group „Newbies international“).
