# Language tandem

## at the Self-Access Language Learning Centre

## What is a language tandem?

A language tandem is a partnership between two (or more) people with different native languages with the purpose of practicing language skills.

It is an informal exchange, where the partners meet to share their language and culture and help each other in an informal atmosphere, without teachers or lesson plans.

## Language tandem at the Self-Access Language Learning Centre

**Flexibility** – you decide how often, how long and where you want to meet ...and what you want to talk about

**Assistance** – we can help you to find a suitable tandem partner

**Advice** – we can give you tips for learning, help you decide which topics to discuss, and provide advice on conversation techniques, correcting mistakes and finding suitable material and media

**Rooms** – If you like, you are welcome to use our rooms at the Self-Access Language Learning Centre for your language tandem

---

# Language cafés

## at the Self-Access Language Learning Centre

## Meet other people, chat, and listen to your favourite language

Come along to one of our language cafés to practice your language skills outside the classroom and have a chat about other countries, culture, hobbies or what you like to do in your free time. You can learn to use the language you are learning in a relaxed, informal atmosphere, together with other students and a native language tutor.
